Degree Programme in Energy and Environmental Technology
Bachelor of Engineering, 240 ECTS
Curricula 2020 modules

Common Professional Studies

Introduction to studies and profession	Introduction to Energy and Environmental Technology	Common professional studies for Energy and Environmental Engineering
30 ECTS	30 ECTS	40 ECTS

Projects on Energy and Environmental Technology	Work placement	Elective study module or elective studies
20 ECTS	30 ECTS	15 ECTS

Major Subject

Energy Production Technologies

Fundamentals of Power Plant Engineering	Energy Production
35 ECTS	25 ECTS

Environmental Engineering

Water and Waste Treatment Technologies	Resource effective society
35 ECTS	25 ECTS

Thesis

Thesis
15 ECTS
